

Summer is here!

WHAT'S IN THIS MONTH'S ISSUE:

- Price drop in cancer screening!
- Full spectrum primary care

WELCOME JUNE!

Boise's Destination for Root-Cause Wellness

There's nothing quite like an Idaho summer. June welcomes long days, blooming trails, mountain lakes, and clear skies—perfect for hiking, biking, paddleboarding, or simply soaking in the sunshine.

At Restore, we encourage you to lean into the outdoors this month—not only for your mental clarity and vitamin D, but because movement in nature supports overall longevity and vitality.

Remember to hydrate, protect your skin, and listen to your body while you explore. If you need help with energy, recovery, or immunity this season, we're here to support you in every step of your wellness journey.

Blessings,

Rebekah

GALLERI CANCER SCREENING NOW MORE ACCESSIBLE

At Restore, we believe in proactive, not reactive, medicine. That's why we're thrilled to offer the Galleri® multi-cancer early detection test at a **new reduced price of \$849**—making this powerful tool more accessible than ever.

Galleri® can detect over 50 types of cancer through a simple blood test, often before symptoms appear. Early detection is one of the most effective tools we have for long-term health and survival.

If you're over 40 or have a family history of cancer, talk to us about whether Galleri® is right for you. Invest in peace of mind, and stay ahead of disease before it begins.

ALL-ENCOMPASSING PRIMARY CARE-BUILT AROUND YOU

Your health shouldn't be a compromise between convenience and quality. Our All-Encompassing Primary Care offers the best of both worlds: comprehensive, root-cause medical care with the **convenience of same-day urgent visits** when life throws you a curveball.

We're here for your long-term wellness goals and your unexpected needs—whether it's IV fluids for acute illness, stitches, women's health exams, or urgent concerns.

With a full spectrum of care under one roof, Restore empowers you to take charge of your health—on your timeline.

DYSPORT AND SCULPTRA FOR AGING GRACEFULLY

You don't have to choose between natural and youthful. **Dysport** softens wrinkles for a refreshed look, while **Sculptra** stimulates collagen to restore lost volume over time.

These gentle aesthetic treatments help you maintain your glow—without changing who you are. Our team customizes every plan to enhance your features and promote confidence, inside and out.

Don't forget our **Microneedling with PRP** which is an effective anti-aging strategy all year round. It's summer safe and will keep your skin glowing!

SUMMER WELLNESS GOALS? WE GOT YOU

Whether you're hitting the trails or enjoying long evenings outdoors, summer is the perfect time to reset, recharge, and recommit to your wellness goals.

To help you stay energized and resilient, we offer custom IV therapy to support hydration, immunity, detox, and recovery.

Whether it's a post-adventure pick-me-up or part of your regular routine, IVs are a fast and effective way to feel your best.

Let's make this your healthiest, happiest summer yet.

From prevention to performance, acute care to aesthetics, Restore Functional Medicine is your partner in lasting health. Thank you for trusting us on your journey. Here's to sunshine, strength, and summer well-being!
